Miss Ferguson's

Class

Reports on

their

monarchs

in

Space.

Front Page Editor + Illustrator: Devon

The Ferguson Times

Pretend you are a newsreporter and write a review of the caterpillars in space experiment at Leal Elementary. Please include a picture!

On November
Sixteenth the
Monarch caterpillars
are going up in
Space and they
will eat milkweed
and drink water
made. They will
be in a cage. They
will be in a rocket.
They maybe
will be scared
or happy. Some of
the astronauts will

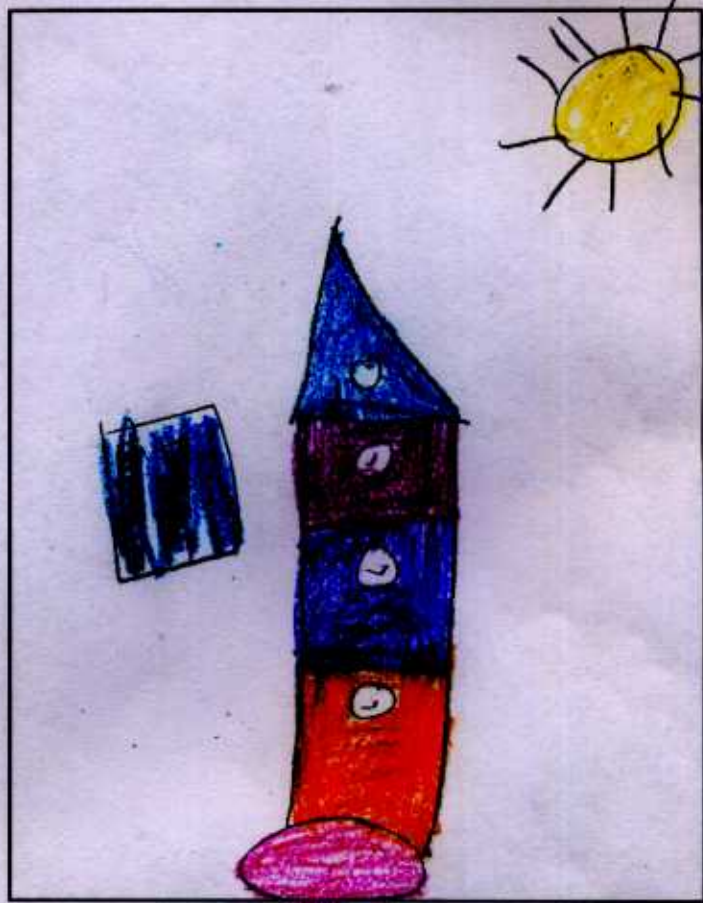

be in the rocket. They will maybe go to the moon.
We will do a project about caterpillars. How do the
caterpillars breath when they are out of the rocket.
I would want to know when they will land back
on earth. We want to know if they will form their chrysalis
at the top. They don't know in space which way is up.

November sixteenth
1:28pm monarch
caterpillars were
launched to space
in a spacesuflter
and 7 classes are
participating they
are 1st Mrs. Mo-
loney Mrs. Beck.
2nd Mrs. Hume
Miss Ferguson.
3rd Mr. Huff
Mr. Martain, Mrs.
Mrs. Vitosky

and we have some caterpillars of are
classroom. They are in space beacuse
they go up with is in the sunlight and
it's dark in space.

Tommy

If I got to writ
in The news paper
I will say that they are
doing good and
that they are going
to space not know
which way is up?

On November
16th something
happend. We
launched
catterpillers
up into space
to see what
they do.

We are
studing
about monclas.
Because
there is no
gra vedy.

Which way will the catterpillers
fourm there chrysalis
in space? on earth they...
go up.

Oh remember
to The man
March caterpillars
good to space
because we want
to know how
they develop
in space
and we have
some in our
class room
I class rooms
have monarch
caterpillars too

The caterpillars in space
won't know which way is up,
I hope they do well/good
in space.

On November
16th we
launched
caterpillars
up into
space! Will
the caterpillars
go up or
will the
caterpillars
go down?
Will the
caterpillars
stay or will
the caterpillars go side
to side? In our classroom
five caterpillars
our get more
more

ON November
16, 2009 the
caterpillars
went up to
space. We are
doing this
experiment
because
caterpillars
go up. and in
space they
don't know
which way
is up.

Oh November 16
the caterpillars
went to space
at 11:30 pm and
they got big
and they are
yellow and
black stripes
and they might
now which way
is up. or
they don't know
which way is up
and they eat

milk weed, and why is because
to send them to space, and
to see where it will make
a chrysalis

On November 16
the caterpillars
went to space.
Leal School is
doing a project
to see how they
change in space.
There are 7
class rooms
that are doing
it. we want
to know if
they'll form
into a butterfly.

They type of caterpillar is a monarch

I think it is fun!

What do you think will happen?

ON NOVEMBER 16th
SOMETHING HAPPENED
AT LEAL ELEMENTARY
SCHOOL. THEY HAD
CATERPILLARS
IN THEIR ROOMS
SO BASICALLY THEY
TOOK CARE OF
THE CATERPILLARS
BY LETTING THEM
EAT AND DRINK
SUTARADE WHEN
THEY GROW UP INTO

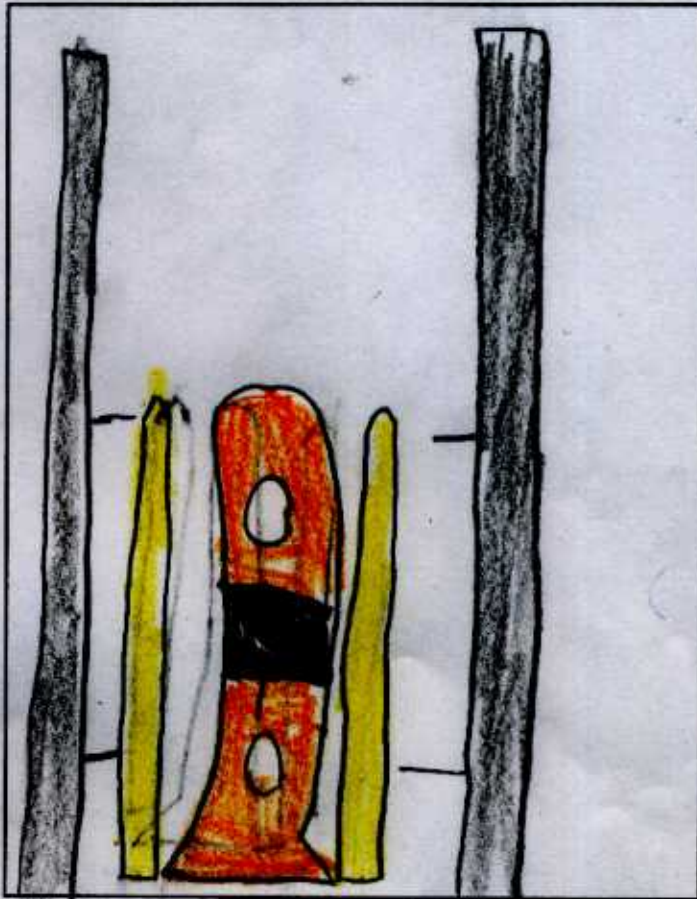

4 BUTTERFLY. CATERPILLARS AND BUTTERFLIES ARE WORKING
ON A PROJECT WITH THE CATERPILLARS AND BUTTERFLIES.
THEY HAD A GREAT TIME TOGETHER. WILL THE CATERPILLAR
GO UP OR GO DOWN. WE SENT CATERPILLARS TO
SPACE BECAUSE... TO SEE WHAT HAPPENS. ~~WITH~~
WEIGHTLESS GRAVITY

On November
sixteenth at 1:28
caterpillars were
launched into
space in a space
shuttle. Seven
classes are
participating.
The classes
that are
participating
are Ferguson
is one of
the classes partici-
pating.

On November 16th
caterpillars went
up in space!
Some classes
at Leal school
have caterpillars
in their rooms.
In space they
will see if they
crawl up to
make a chrysalis.

Pretend you are a newsreporter and write a review of the caterpillars in space experiment at Leal Elementary. Please include a picture!

November sixteenth

1:28 pm the caterpillars

on the shuttle were launched into space

And the next day room 209 went crazy with the news

that the caterpillars were in space

until miss Ferguson went crazy trying to quiet us down.

seven Leal school classes participated

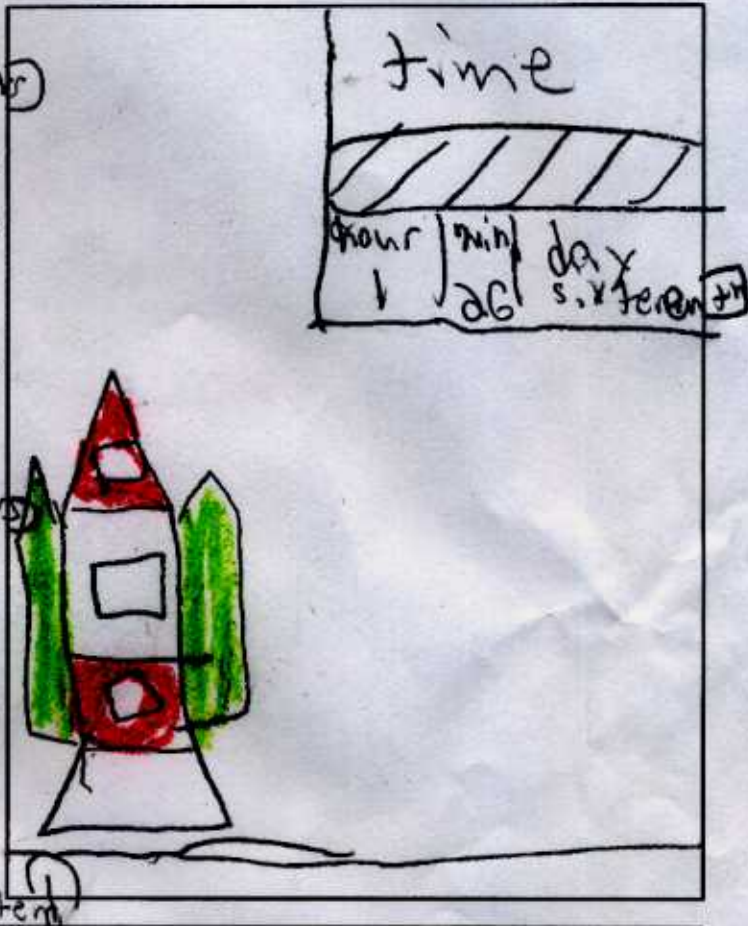

in the butterflies or caterpillars in space project and those classes are Mrs. Moloney

Mrs. Beck, Mrs. Ferguson Mrs. Humme Mr. Huff

Mr. Martain Mrs. Vitisky are the classes.

We want to know were the caterpillars make their chrysalis

Journalist Name: Max [redacted]

On November
16 tenth our
caterpillars
went to space
maybe they
will go to the
moon. They might
be scared by
they might die
but hopefully
not we
have some
caterpillar

in our classroom we sent the
caterpillar up in space because
we want to know if they will
change into butterflies. In
space they may not know
where to from their chrysalis.
